Bollhoff K.K.

Company Description

We create added value for our customers

Böllhoff is a competence leader in 360° Joining Technology. As a family-run company, we have stood for long-term success through innovative capacity and local presence since 1877. We seek to understand the needs of our customers and deliver solutions to fit their requirements. We focus on innovative, sustainable and economical solutions along our customers' entire value chain.

Our broad range extends from standard screws to special fasteners and assembly systems. A wide range of services related to joining technology complete our portfolio, from testing of fasteners in our accredited laboratory to application-related advice and cost-effective delivery solutions.
