# Hilti Japan Ltd.

## Company Description

Hilti stands for innovation and direct customer relationships. About 33,000 employees around the world, in more than 120 countries, contribute to making our customers' work more productive, safer and more sustainable. We do this with our hardware, software and service offering.

With roughly 250,000 customer contacts each day, many ideas come directly from our customers. If there is a challenge for which no Hilti solution exists, one will be developed. This is why we invest approximately 6 percent of sales each year in research and development. From product development to manufacturing, logistics, sales and services, we cover the entire value-added chain.

We aim to be our customers' best partner for productivity, safety and sustainability. We aim to be the best partner for "Making Construction Better".
