Commitment to Safeguarding and Child Protection
Our school is committed to safeguarding and promoting the welfare of children and young people and has developed and adopted written guidelines (Code of Conduct) for appropriate and inappropriate behavior of adults towards children.
We expect all staff, volunteers and other third parties to share this commitment and to review and affirm that they have read, understood, and will abide by the Code of Conduct. At our school, we use safer recruitment practice and pre-employment background checks, to maintain the highest standards of safeguarding and child safety.
Our school's practices reflect and are aligned with the written Expectations of the International Taskforce on Child Protection.
Under the Japanese law designed to protect children, anyone working in this role must complete a background check to confirm they do not have a criminal record for specific child-related sexual crimes. Since we are required to take steps that prevent individuals with such records from working with children, one of our hiring conditions is that applicants must not have this type of criminal history. During the hiring process, we will ask candidates to confirm this by signing a statement or providing the information in their resume or application documents.
Authorized background checks and reference verifications will be conducted as part of the recruitment process. Employment offers are generally provisional and contingent upon the successful completion of these checks.
