募集要項: C++ ANALYST / DEVELOPER / PROGRAMMER, JAVA, INVESTMENT BANK

A world leading tier-1 Investment Bank is now seeking to expand its Trading operations in AsiaPac. With this growth, they require software experts to facilitate this growth.

They want to hire a talented C++ ANALYST/PROGRAMMER/DEVELOPER to join their successful FRONT OFFICE EQUITY DERIVATIVES DEPARTMENT. This team is expecting significant revenue growth in the next 3 years and is investing heavily in building a new strategic derivatives trading platform to facilitate this growth.

You will become a key member of this team, working closely with traders and end users over the full project lifecycle. You will be part of the GUI development team that is tasked with building the various User Interfaces of the platform using C++ technology.

You should have excellent communication and analytical skills and a desire to work in a fast paced environment.

This company is an excellent place to work and offers fantastic prospects and business exposure.

会社紹介: Aston Carter is an independent IT recruitment consultancy established in 1997, to provide a pro-active service to the investment banking market. In London it is established as the leading IT staff supplier to a number of leading Investment Banks and Financial Services companies.

Aston Carter has been present in the Tokyo market in a passive manner since 2005, placing candidates from across the globe that wish to relocate to Tokyo as well those already based locally. Due to an increasing demand for its unique services in Tokyo amongst our global clients, Aston Carter has established a team of consultants to concentrate exclusively upon this market.

Aston Carter ' s key operating principles can be summed up in three words: Professionalism, Co-Operation and Delivery. The company has a positive, dynamic vision about where its business needs to go and a passionate commitment to getting there. Consultants are carefully selected according to their experience and achievement-oriented outlook.
