募集要項

The Business Operation Staff role supports customer operations, order management, delivery coordination, and inventory planning to ensure smooth business operations and excellent customer service.

Responsibilities

- Manage customer orders and coordinate delivery schedules.
- Monitor order fulfillment and provide updates to customers.
- Coordinate with factories, suppliers, and logistics partners to ensure timely delivery.
- Support inventory planning, stock control, and demand forecasting.
- Analyze inventory trends and implement actions to optimize stock levels.

- Handle operational issues and work with stakeholders to find effective solutions.
- Prepare operational reports and monitor KPI performance.
- Visit customers when required to discuss operational matters and strengthen relationships.

Requirements

- Bachelor's degree in any field.
- More than 1 year of experience in operations, customer service, logistics, supply chain, inventory control, or related functions.
- Candidates with 4-6 years of experience in the electronics industry are highly preferred.
- Good command of English (TOEIC 600+ preferred).
- Strong Microsoft Excel skills, including experience with functions, data analysis, and reporting tools such as Pivot Tables, VLOOKUP, and IF
- Strong analytical, problem-solving, and coordination skills.
- Detail-oriented with a customer-focused mindset.
- Able to work under pressure and collaborate effectively with cross-functional teams.

About the Company

A global electronics solutions provider supporting customers across manufacturing and technology industries through supply chain, operational, and business support services.
