Job Description

We are looking for a Head of Operations to lead manufacturing operations in a fast-growing electronics manufacturing environment. This role will oversee production and engineering functions, driving operational excellence, productivity, quality, and cost efficiency.

Responsibilities

- Lead daily manufacturing operations and cross-functional teams
- Manage Productions, Manufacturing Engineering, Testing Engineering, and Industrial Engineering
- Drive improvements in productivity, quality, delivery, and cost performance
- Ensure operational targets and customer requirements are achieved
- Lead continuous improvement initiatives using Lean Manufacturing and Six Sigma principles

- Develop and coach high-performing teams

Requirements

- Bachelor's degree in Mechanical Engineering, Manufacturing Engineering, Industrial Engineering, or related fields
- 8+ years of manufacturing experience with at least 3 years in a leader ship role
- Strong background in electronics manufacturing or high- volume productions environments
- Experience in operations management, process improvement, and cost optimization
- Familiarity with Lean Manufacturing and Six Sigma
- Good English communication skills
- Experience in EMS or factory start-up/ ramp- up projects is a plus

About the company

Our client is a rapidly growing company in the Electronics Manufacturing Services (EMS) industry, serving global customers with advanced manufacturing solutions in a dynamic and international working environment.
