Job Description

About the role
The Accounting Manager role offers an excellent opportunity to lead core accounting and finance functions within a well-established organisation. This position is responsible for overseeing financial operations, ensuring accurate reporting, managing cash flow, and supporting business performance through effective financial management.

Responsibilities

- Oversee accounting and finance operations to ensure accuracy, compliance, and efficiency.
- Manage accounts payable, accounts receivable, general ledger, and costing activities.
- Ensure accurate handling of VAT and tax-related matters in accordance with applicable regulations.
- Lead monthly and annual closing processes and ensure timely financial reporting.
- Monitor and manage cash flow to support business operations and financial stability.
- Coordinate with internal stakeholders and management regarding financial information and reporting requirements.

Requirements

- Bachelor's degree or higher in Accounting.
- Strong knowledge of accounting and finance principles.
- Ability to communicate complex financial information effectively to non-financial stakeholders.
- Good English communication skills, with the ability to work with international management.
- Proficiency in Microsoft Office applications, particularly Excel.
- Strong analytical, organisational, and problem-solving skills.
- Ability to manage multiple priorities and meet deadlines.

About the company

A company in the trading industry, this organisation is part of a multinational business with an established presence in international markets. The company is committed to delivering high standards of operational excellence and fostering a collaborative working environment that supports professional growth and long-term business success.
