募集要項: Quality Control Manager

General Summary:

The objective to have new QC manger is to strengthen organization for corresponding to US HQ requirements, while sustain the alignment with Japan unique (PAL) regulations.

In summary they are looking for someone who will be able to work by himself/ herself according to high level directions. Because the interactions with the US/ EU will be key the person needs to understand foreign culture or needs to be flexible enough to be able to interact with US / EU teams.

This should be a very interesting position for someone ready to face challenges. It will be very visible position, because of the importance of the work that needs to be implemented and because of the expectations from the company.

Other general QC activities:

- Judgment for product shipment

- Comply with GMP for documents
- Technical support inspection line
- Feed back quality to manufacturer

Minimum Education & Experience:
Bachelor ' s-level degree required.

- Quality Engineer
- Manufacturing Engineer
- Quality improvement
- Expert knowledge GMP, QMS
