募集要項

Our client is a fast-growing international agrochemical company focused on providing innovative crop protection solutions to growers across global markets. With a strong portfolio of fungicides, insecticides, and other agricultural inputs, the company is committed to improving crop productivity through product development, field validation, market expansion, and close collaboration with distributors and farming communities.

They are seeking an **Overseas Marketing Specialist** to drive product development and market expansion across international markets. The role involves managing field trials and demonstration plots, evaluating product performance, supporting promotional activities, gathering market intelligence, and identifying new business opportunities while working closely with growers, distributors, and sales teams.

General Requirements :

- Bachelor's or Master's degree in Agriculture, Crop Protection, Agrochemicals, or a related field.
- 3–5 years of experience in the agrochemical industry, preferably with fungicides and insecticides.
- Strong written and spoken English communication skills.
- Good product knowledge and understanding of agrochemical markets.

- Strong analytical thinking, organizational, and event coordination abilities.
- Excellent interpersonal and communication skills.
- Self-motivated, proactive, and willing to travel frequently for business.
- Good overall health and ability to work independently in a remote environment.
