## Job Description

---

Our client is one of the world's most well known IT companies, and produces a range of software that is installed on most of the world's PCs. As part of the development of the next version of one of their key products, they are looking for somebody with a strong understanding of PC Hardware, as well as a passion for the software that PCs run.

This role will involve being a key contact person between PC Manufacturers, and development groups in our clients US based offices, as well as locally in Japan.

## Required Skills

---

- Strong communication skills in both English and Japanese
- Negotiation skills
- Program Management experience would be useful
- Understanding of PC Hardware development

## Company Description

---

Aston Carter is an independent IT recruitment consultancy established in 1997, to provide a pro-active service to the investment banking market. In London it is established as the leading IT staff supplier to a number of leading Investment Banks and Financial Services companies.

Aston Carter has been present in the Tokyo market in a passive manner since 2005, placing candidates from across

the globe that wish to relocate to Tokyo as well those already based locally. Due to an increasing demand for its unique services in Tokyo amongst our global clients, Aston Carter has established a team of consultants to concentrate exclusively upon this market.

Aston Carter ' s key operating principles can be summed up in three words: Professionalism, Co-Operation and Delivery. The company has a positive, dynamic vision about where its business needs to go and a passionate commitment to getting there. Consultants are carefully selected according to their experience and achievement-oriented outlook.
