

Company Description

iGATE Global Solutions Ltd

iGATE Global Solutions is the only integrated technology and operations firm with a global services model. iGATE Global enables clients to optimize their business through a combination of process investment strategies, technology leverage, and business process outsourcing and provisioning.

Services include consulting, enterprise data management and data warehousing, business intelligence and analytics, design, development, system integration, package evaluation and implementation, re-engineering and maintenance. iGATE Global also takes on the responsibility for optimizing and running business processes for clients.

The Company has been assessed at SEI-CMM Level 5, follows Six Sigma methodologies and is BS7799 certified, ensuring the highest levels of quality and security.

Headquartered in Bangalore, India, iGATE Global is present in 12 countries and maintains development centers in the US, Canada, China and India. The Company is a subsidiary of iGATE Corporation (Nasdaq: IGTE), a US-headquartered firm founded in 1986. iGATE is registered as a minority-owned business enterprise and is an equal opportunity employer that actively encourages diversity.
