

Company Description

Resources Global Professionals Japan K.K.

BUSINESS FROM THE INSIDE OUT

Resources Global Professionals is the only professional services firm dedicated to helping clients change their business from the inside out. Working as members of client teams, we partner with business leaders to solve problems, execute internal initiatives and transfer knowledge across all parts of a global enterprise - finance and accounting, information management, internal audit, human capital, legal services and supply chain management.

Resources was founded in 1996 within a Big Four accounting firm. Today, we are a publicly traded company (NASDAQ: RECN). Our 2,800 professionals, from more than 80 practice offices, serve 2,100 clients around the world. In Japan we opened the Tokyo office in 2004 and the Nagoya office in 2006, and are presently focusing on the finance and accounting, internal audit, and information management sectors.

CAREER FLEXIBILITY & WORK / LIFE BALANCE

Resources Global Professionals can provide Consultants with the kind of work/life balance that is often so difficult to achieve in today's workplace. By having more control over the types and timing of engagements, our project professionals can accept projects that fit the needs of their schedules and professional development goals.

Resources was selected #61 on Fortune magazine's list of 100 Fastest-Growing Companies for 2006. Also last year, Resources was chosen #21 on BusinessWeek's list of 100 Hot Growth Companies and the firm has been named to the Forbes 200 Best Small Companies list for the past five years.
