Company Description:

Since its establishment in 1986, IBS has provided the International business community with exceptionally qualified bilingual temporary staff, mainly assisting non-Japanese companies for replacements of English speaking temporary staff.

We are confident that IBS provides the best service to our clients by understanding the demands and needs of each and every company we work with. Coordinating and liaising between the company and staff is our key role; we do not spare any efforts to set the right person on the right task.

Our assistants act immediately in their roles. The staff 's flexibility and personality integrates with our client 's company culture.

Providing the Human Interface that connects

PEOPLE with BUSINESS

At IBS, we realize that each company has its own unique needs so we pay careful attention to this important aspect. We personally work closely with each client in order to ensure the best match possible for the help requested. We do the recruitment legwork for you so you no longer have to worry about the hassles and time that is required in finding the best candidate, freeing your time to concentrate and go about running your business. Just as important as our client 's satisfaction, we also want our applicants to enjoy their work assignments.

We take time to carefully screen, test and match the candidates to the position description to ensure that our staff has the ability to perform their assignments with the utmost confidence and competence.
