Company Description:

When we commenced operations in 1968, we pioneered the offshore delivery model for IT services.

Today, with a presence in 34 countries across 6 continents, & a comprehensive range of services across diverse industries, we are one of the world ' s leading Information Technology companies. Seven of the Fortune Top 10 companies are among our valued customers.

We are part of one of Asia ' s largest conglomerates - the TATA Group - which, with its interests in Energy, Telecommunications, Financial Services, Chemicals, Engineering & Materials, provides us with a grounded understanding of specific business challenges facing global companies.
