## 会社説明

### We're here to introduce you to all the places out there

For over 55 years, EF has been working to keep minds and the world wide open. We design tours to help educators teach, and so students can learn more—about tolerance, other perspectives, and themselves. Our company's roots are in language learning and cultural exchange, and over time, EF's mission to provide immersive, life-changing education has remained the same.

By putting people at the center of everything we do, the team at EF Educational Tours makes understanding come alive for our customers. Because a meaningful travel experience starts with whoever's showing you the way forward.
