

Tech Mahindra

Company Description

Connected World. Connected Solutions

The entire universe has converged into a 2.5" - 4.1" mobile screen of today's smart phones. Consumers are connected 24/7 to share their views, feedback, ideas and experiences. This has resulted in an evolution of a new world of possibilities with customers co-innovating, consumers sharing real-time feedback and innovative ideas, and market being driven by collaborative networking platforms.

The Mahindra Group has leveraged this potential through its Rise™ movement, connecting consumers with 287,714 users, 3431 followers and 522 ideas approved for funding.
