Wacom Co., Ltd.

Company Description

Founded in 1983, Wacom is a global company based in Japan (Tokyo Stock Exchange 6727) with subsidiaries and affiliate offices around the world to support marketing and distribution in over 150 countries. Wacom's vision to bring people and technology closer together through natural interface technologies has made it the world's leading manufacturer of interactive pen tablets and displays as well as of digital styli and solutions for saving and processing digital signatures. The advanced technology of Wacom's intuitive input devices has been used to create some of the most exciting digital art, films, special effects, fashion and designs around the world and provides business and home users with their leading interface technology to express their personality.

Millions of people worldwide use wireless, battery-free and pressure-sensitive digital pen technology to operate their smartphones, media tablets or desktop computers and express their individual creativity. The company offers its products also as OEM solutions to leading manufacturers serving incremental markets. Wacom's interface technology, called Wacom feel IT technologies, is also offered as an integrated solution to strategic partners. Most Tablet PC manufacturers count on the advanced features and reliability of the brand to deliver a superior user interface experience.
