

K.K. CrossVision International

Company Description

The expertise, service, and security you need

Serving hundreds of multinational, foreign, and domestic corporate clients, CVi consistently delivers the secure, high-quality results your business demands.

Human Resources Solutions

CVi is a provider of HR services in Japan, offering Professional Services, including HR Consulting & Payroll Outsourcing and Cloud Applications enabling payroll & Social Insurance processing, time & attendance tracking and personnel data management.

- Experienced:
We have several hundred multinational, foreign & domestic clients across multiple industries such as finance, retail, services and manufacturing.
- Pioneer:
We launched our first Cloud Computing software services in 2004 and offer a full suite of HR applications covering payroll, attendance and HR information management.
- Total Support:
Choose the level of support you need, from Cloud Computing software services to full Business Process Outsourcing (BPO).
- Professional Services:
We provide Business Process Outsourcing (BPO) for Payroll, Bonus, Social Insurance, J401(k) and Onsite HR staffing.
- Robust Information Security:
Certified to top international & domestic standards: ISO27001, Japan PrivacyMark, & SSAE18 Type II audit.
- Business Continuity Plan(BCP):
To safeguard your data, we maintain secure data backups at both our primary data center in Eastern Japan and our secondary data center in Western Japan.
- Bilingual:
Services are provided in English and Japanese and client Cloud Applications are localized in both languages.
