

Terilogy

Company Description

Ever since the founding of Terilogy Co., Ltd. in 1989, we have made it our top priority to respond to the needs of our customers and ensure their full satisfaction, and to this end we have always remained open to customer opinions and feedback.

Based on our corporate slogan, "In Collaboration with the Customer," we strive to create new value together with customers and grow as a company. By providing products, solutions and maintenance services based on leading-edge technologies from overseas, we contribute to the creation of improved information network environments and the realization of a more accessible and enjoyable information-centered society.

As Japan enters Reiwa, the new imperial era, we remain focused on our slogan "No. 1 in Quality" as we work to provide high-quality products and services from a wide range of different perspectives while endeavoring to listen more closely to the needs of our customers.
