

LabWare Japan K.K.

Company Description

LabWare is recognized as the global leader in providing enterprise scale laboratory automation solutions. LabWare's Enterprise Laboratory Platform is a unique and proven suite of product capabilities that encompass LIMS, ELN, and LES method execution in an integrated and enterprise ready solution. Our Enterprise Laboratory Platform combines the award-winning LabWare LIMS™ and LabWare ELN™, a comprehensive and fully integrated Electronic Laboratory Notebook application, which enables companies to optimize compliance, improve quality, increase productivity and reduce costs.

LabWare is a full service provider offering software, professional implementation services and validation assistance, training, and world class technical support to ensure our customers get the maximum value from their LabWare products. By paying close attention to customer needs, making effective use of key technologies and serving as a reliable and trusted partner, LabWare has emerged as the clear industry leader in laboratory automation.
