

Build Plus K.K.

Company Description

Technology changes the world. People make it happen.

At Build+ (formerly Wahl+Case), our focus on the tech industry is no accident. Technology is the driving force behind transformative change, and it rewards innovation and disruption, values that resonate deeply with us. Since 2010, we've been building meaningful careers in Japan's tech industry, with specialized teams and deep market knowledge.

We aim to be more than just a recruitment agency. Our interactions are not transactional: we invest in you wherever you are in your journey, whether you're actively job hunting or simply want to grow in your current role.

Roles we recruit for:

Technical
