

D&M Holdings Inc.

Company Description

What is D&M Holdings Inc.

Many of you may be familiar with product brand names such as Denon and Marantz. (D&M Holdings Inc. was created in May 2002 through the business integration of Denon Ltd. and Marantz Japan Inc. The company is now entering a new period of transformation.

Accelerating to a further leap forward, from Japan to the world.

We are planning, designing, manufacturing, and selling audio equipment based on the solid technologies and know-how cultivated by each brand of Denon and Marantz.

The company boasts a history of more than 110 years as a leading company in the audio industry, with its field of operations extending not only in Japan but also throughout the world.

In addition to AV amplifiers and HiFi products, which are our core products, we have earned a high market share and reputation in a variety of fields, including headphones and network audio, which provide the optimum listening environment to suit each individual lifestyle.

Our Brands

Denon, Marantz, Polk Audio, Definitive Technology, Classé, Bowers & Wilkins
