# Cognizant Japan K.K.

## Company Description

**We are AI Builders**
We build the bridge from AI investment to enterprise value by helping clients reimagine journeys and build full-stack, enterprise-grade AI solutions.

**Cognizant (Nasdaq: CTSH) is an AI Builder and technology services provider** , bridging the gap between AI investment and enterprise value.

We build full-stack AI solutions powered by deep industry, process and engineering expertise — embedding an organization's unique context into technology systems that amplify human potential and drive tangible outcomes.

From strategy to deployment, we help global enterprises move from AI ambition to AI impact and stay ahead in a fast-changing world.

**Engineering Impact for Good**
At Cognizant, we engineer modern businesses to improve everyday life. Because we're dedicated to making a lasting impact.

So, we do our part to promote inclusion, prepare people for the future of work, elevate underserved communities and transition to a circular and low-carbon future.

That's what we call Engineering Impact for Good.
