

Advantech Japan Co., Ltd.

Company Description

Founded in 1983, **Advantech** is a leader in providing trusted innovative embedded & automation products and solutions. Advantech offers comprehensive system integration, hardware, software, customer-centric design services, and global logistics support; all backed by industry-leading front and back office e-business solutions.

In the coming era, Advantech will promote innovation through technology and build a sustainable social environment for the future. We aim to foster businesses rooted in each country and region, provide various solutions using AI, and become a global leading brand of industrial IoT as a role model for digital transformation.

Advantech will work with business partners around the world to co-create a business ecosystem that accelerates industrial intelligence.
