

Verder Scientific Co., Ltd.

Company Description

Advanced products need a competent partner in the background. Verder Scientific with its 6 brands is just this partner for countless laboratories, manufacturers and scientific research institutions worldwide. For decades, our manufacturing companies have been providing solutions for individual customer requirements by developing sophisticated, precise, and reliable laboratory equipment for sample preparation, heat treatment and analysis in quality and process control.

These solutions enable our customers to make progress. We provide them with the means to effectively and reliably design their processes, products, and services to become safer, more efficient, and more sustainable. Together, we make the world a healthier and safer place.

This is what we mean when we say: we enable progress. Progress for the better.

Verder Scientific is a division of the **VERDER GROUP**, a worldwide technology leader, which not only provides state-of-the-art analytical equipment, but also advanced pumping solutions and more.
