Intersoft K.K.

Company Description

Intersoft K.K. is a multinational IT solution and software development company headquartered in Tokyo, Japan. Established in 1999, Intersoft has been providing professional services such as infrastracture support and software development for global companies.

Our major clients are financial and life insurance firms not only in Japan, but also in India, Australia, Malaysia, Singapore, Taiwan, UAE and the United States.

Our major services are:

- Field Service Operations (FSO) including DISPATCH and IMAC services

- Software Development including iOS and Android, Java and Dot Net

- Infrastructure Managed Services (IMS) including Deskside Support, Server Administration, Network Support, Project Management as well as Office Relocation services

-"AML - KYC" compliance software development and sales

-System outsourcing/development

-Technology outsourcing (Haken) to offer additional and contingent work force

- Executive search (Jinzai shoukai)

With its excellent bilingual engineers, Intersoft has been successful to meet and satisfy our clients' specific needs.
