

Telecom Square, Inc.

Company Description

About Telecom Square

Get linked anywhere

Japan's largest company in global wireless solution industry, with 500,000 customers annually.

Telecom Square is a global mobile solutions company specializing in mobile terminal rental. We provide services to more than 500,000 users per year. We have counters at Japan's major airports and operate a dedicated call center system to ensure peace of mind even when problems occur. In addition to WiFi router rental, we offer a strong lineup of backup services for travellers, including SIM card sales and mobile phone rental.
