

Dai Nippon Construction Co.,Ltd.

Company Description

DNC has undertaken more than 200 construction projects in 52 countries and regions overseas over the last four decades, with the majority being Japanese ODA initiatives. The number of ODA grant aid projects undertaken by the company is among the highest in the industry. In recent years, the organization has also been involved in ODA loan aid and other new projects based on its experience with grant aid projects. DNC remains committed to high-quality work leveraging its experience and expertise in order to contribute to SDGs achievement in building sustainable communities worldwide by fulfilling infrastructure needs.
