

三井物産スチール株式会社
Mitsui & Co. Steel Ltd.

Mitsui & Co. Steel Ltd

Company Description

We serve as a mediator for domestic transactions in steel products and for trading in export transactions. In collaboration with clients and partners, we provide a variety of services required to achieve smooth transactions in overall steel products.

Our Business Fields

- Domestic transactions
- Export transactions

Our Services

- Marketing
- Logistics network
- Processing

Marketing:

In an effort to contribute to our clients' businesses, we collect and analyze information on business trends, the market environment, and iron and steel products in a prompt and accurate manner and accordingly provide appropriate advice and consultation.

Logistics network:

We sell and deliver our products and manage inventory via our extensive network including branch firms, branch offices, and affiliates and by leveraging our wide selection of steel grades. Our robust logistics system is capable of promptly catering to every need of our clients for steel materials.

Processing:

In an effort to meet our clients' needs, we provide steel plate cutting and processing services by joining forces with our affiliates' service centers, such as MSS Stainless Steel Center Co., Ltd. and NSM Coil Center Co., Ltd.
