

CMIC HOLDINGS Co., Ltd.

Company Description

Pharmaceutical Value Creator

The CMIC Group consists of seventeen companies, including CMIC HOLDINGS Co., Ltd. and consolidated affiliates. The Group's businesses mainly involve support for the pharmaceutical industry. Instead of making drugs, we offer comprehensive services related to drug, all the processes of a pharmaceuticals company from research and development to manufacture and sale. Leveraging our experience and expertise as a pioneer CRO, our business has expanded to create added value in such fields as drugs, medical devices, specific functional foods, and so on. Moreover, we are tackling the service which is useful to "the medical treatment for a patient" also in the field of medical treatment and healthcare, strengthening customer service as "PVC (Pharmaceutical Value Creator)" which contributes for value maximization of a pharmaceuticals company.

The main businesses of the CMIC Group are as follows:

- CRO(Contract Research Organization) Business
- CMO (Contract Manufacturing Organization) Business
- CSO(Contract Sales Organization) Business
- HC(Healthcare) Business
- IPD(Intellectual Property Development) Business
