Side International Japan

Company Description

Side (formerly PTW) is a global video game development and services partner, offering technical and creative solutions to many of the largest developers and publishers around the world. Founded in Japan over 30 years ago, Side has since grown to become a global force with over 40 studios in 15 countries worldwide across North America, Europe, South America, and Asia.

Our industry-leading services include codev, art, audio, quality assurance, localization, localization QA, player support, community management, and datasets.

At Side, we drive innovation for unforgettable game experiences by infusing technology with human ingenuity. We work in every genre, on every platform, in all languages—bringing games to life, by your side. Learn more and get in touch at www.side.inc.
