

One World Financial Education Organization

Company Description

The One World Financial Education Organization was established with the aim of supporting and cultivating promising companies and advanced business operators centered in Asia based on the rich Japanese financial market.

In order to make this purpose possible, we can not only provide formal support to business operators and concrete hands-on support, but also cultivate the human resources who can be active in international financial markets, furthermore, we believe that Japanese investors must not only understand the Japanese market, but also aware the actual situations of the world market including Asia.

The logo we designed incorporates our ideas, which express that people and people join together and motivate and develop each other. Please kindly support us so that we can create new financial markets with every Japanese investors and everyone in financial industry.
