

## ARK CONSULTING

### Company Description

#### Introduction of our company

Our company was founded by a strategy/IT consultant who came from BIG4 and a major Sler(IBM, AC, ). Our core business is to provide strategy/IT consulting services to solve client issues.

We are aiming to become a new type of consulting company that is not bound by the old formality by developing new businesses globally with the revenue from our main SAP implementation consulting business. We are actively expanding our compensation and benefit programs for our employees, following the trend of the firm.

#### Mission x Vision

Through business and organizational expansion, we are conducting management activities to achieve our Mission x Vision as a company.

#### MISSION

Explore... Pioneering new paths and challenging the possibilities that lie ahead.

Leading... Always one step ahead in pursuit of people's happiness

Enrich... Contribute to world peace by realizing the world's wealth and dreams

#### VISION

To become a leading company that solves client and social issues with our technology and consulting skills, and to be a pioneer in human progress.

#### The kind of person we are looking for

1. People who have integrity, ambition, and ethics as a human being.
2. who share our Mission and Vision
3. have a skill set that matches our focus areas

\*We provide a training program for skills such as logical thinking required for consultant positions. We are also prepared to accept people with no experience in consulting work.
