

DOT WORLD CO.,LTD.

Company Description

About DOT

DOT WORLD is a **Japanese full-service** CRO providing best practices for Japanese clinical trials as well as consulting services to design optimal clinical development plans for Japanese New Drug Applications (NDAs).

We are a mid-size organization characterized as **totally customer-focused** and we create the best possible profit for our clients.

We are experienced in supporting Japanese NDAs including negotiations with Japan's Pharmaceuticals and Medical Devices Agency (PMDA), using the Common Technical Document (CTD) format.

In addition to sponsor-initiated trials, we also conduct investigator research which helps us to gain the deep trust from local medical specialists. They get a chance to experience our **timely, cost-effective and quality services**.

DOT : Dynamic Organization for Trials and treatments
