

SocialGood, Inc.

Company Description

"Save Money and Build Assets While Shopping"

The SocialGood platform is the world's largest shopping network utilizing blockchain, providing the "lowest prices" and "largest product line-up" to smartphone users worldwide.

When shopping at partner sites such as Amazon and Apple, you can get up to 20% cash back for free with SocialGood tokens (SG). Then, it's up to you to decide if you would like to convert your SG into fiat or hold onto it for the long term as an asset.

- SocialGood To be Listed on Major Cryptocurrency Exchanges
- Forbes Reported on the Value Rising Mechanism, as Submitted in Patents
- SocialGood To Become Japan's First Licensed Altcoin

There are already over 85,000 participants worldwide.
Participate in the Social Good Project too. Let's make society better together!
