Vector Risk Management KK

Company Description

VECTOR Group consists of Vector Risk Management KK (Japan) and Vector Risk Management Co., Ltd (Korea), both full-service security and risk management firms based in central Tokyo and Seoul respectively. The Group also covers security and risk management work in Hong Kong, China, and other major Asian cities.

It is a fully incorporated and licensed security services and investigations firm, which rebranded and became an independent entity from the Spectrum Asia Group, one of Asia's largest privately held business intelligence and due diligence service providers.

VECTOR Risk Management consists of an elite team of security and risk management specialists consisting of former Tokyo Metropolitan Police Department officers, including a superintendent and a senior officer in the Public Safety Unit covering Anti-Social Forces, and former Japan Ground Self-Defense Force officers, including a Two-Star General.

VECTOR Risk Management's esteemed clientele includes Fortune Global 500 Corporations, Ultra High Net Worth Family Offices & Individuals, and Government Dignitaries / Embassies.

The firm is headquartered in Toranomon, Minato-ku, Tokyo, close to the National Police Agency, Ministry of Defense, and the Central Business District.
