ReachExt K.K.

Company Description

ReachExt is all about Extending your Reach
We Connect Professionals with Leading Companies in Japan and APAC.

Headquartered in Tokyo, ReachExt is one of the leading recruitment and executive search companies. Be an employer or a candidate; you will soon find out that we don't work just like the traditional recruitment agencies, but we put in the best efforts to add value to the employers and candidates, alike, as a consultancy.

We place candidates, from mid-career level to senior management levels, on a permanent and contract (Gyomu-Itaku) basis in information technology, general management, accountancy & finance, Insurance, banking operations, legal, sales & marketing, human resources and support & administration.

We work across all industry sectors, and our clients specturm include established multinational companies, startups and companies looking forward to enter Japanese market.

For Candidates - Not Transactional Relationship but Partnership

Trust, transparency, responsiveness, and your delight are the pillars on which we build relationships, and not just business.

We do not believe in an agency approach and transactional relationships. We focus on building relationships and work as partners with our candidates.

Most people will go for the recruitment companies, when they decide to change a job. However, a recruitment consultancy can do much more than that. And we believe in doing much more than helping you in your job search. Consider us as your window to have a broader view of the career options, job market situation, career planning and advancements, and related insights.

Even if you are not searching for any job, do contact us for any career consulting, insight on the job market in Japan, or for crucial things like profile building.

We would love to talk to you. Our doors are always open for face to face meetings & discussions or telephonic discussions. Our focus is on helping our the professionals meet their career aspirations in the best possible ways
