

MediBang Inc.

Company Description

MediBang's goal is to use the internet to help people connect through art.

MediBang is aiming to bridge the gap between creators and their fans even more. On MediBang users can quickly turn their comics into ebooks that people can read in their browsers the moment they're uploaded.

Creators can also share those works on multiple social networks from MediBang/

Medibang hopes this will help bring the internet yet another step towards bringing creators and their fans closer together.
