SHPP Japan LLC

Company Description

From making cars and planes more fuel-efficient, to helping conserve the world's water supply and enabling colorful smartphone cases, we find solutions to the challenges of today to help our customers achieve their ambitions and build a better tomorrow.

Our Products
SABIC knows that its success is driven by our customer's success.
We work hard to develop a deep understanding of our customers' commercial ambitions so that we can engineer the right product at the right time.
Our technical expertise combined with our ability to adapt to our customers' business needs allows us to tailor material solutions that maximize our customers' market advantage over the long term.
SABIC products and services are extensive. We are knowledgeable about the industries in which our customers compete and we are constantly seeking new ways and materials to maximize our customers' market success.
