visasQ Inc.

Company Description

Connecting Insights and Aspirations Across the Globe

We enable and enhance innovation across the globe by creating the world's best platform
that maximizes the value of knowledge and opinions obtained from experience, and seamlessly aggregates
and shares them as insights beyond boundaries of organizations, generations and regions.

VQ helps clients by connecting them with industry/sector experts with insights and perspectives on various subject matters.

SERVICE OFFERINGS

VQ Project Managers are here to help you access experts via our broad service offerings.
We will consult with you on your project requirements, thoroughly source and screen for suitable experts, and schedule the consultations.

We handle all client requests efficiently and professionally, and with the highest compliance standards that meet the requirements of all our clients in top enterprises, global consulting firms and financial institutions.
