

visasQ Inc.

## Company Description

### **Connecting Insights and Aspirations Across the Globe**

We enable and enhance innovation across the globe by creating the world's best platform that maximizes the value of knowledge and opinions obtained from experience, and seamlessly aggregates and shares them as insights beyond boundaries of organizations, generations and regions.

**VQ helps clients by connecting them with industry/sector experts with insights and perspectives on various subject matters.**

## **SERVICE OFFERINGS**

VQ Project Managers are here to help you access experts via our broad service offerings. We will consult with you on your project requirements, thoroughly source and screen for suitable experts, and schedule the consultations.

We handle all client requests efficiently and professionally, and with the highest compliance standards that meet the requirements of all our clients in top enterprises, global consulting firms and financial institutions.

- Interviews
- Surveys
