

The ESL FACEIT GROUP logo is displayed in white, bold, uppercase letters on a black rectangular background.

EFG SEA PTE. LTD.

Company Description

WE ARE ESL GAMING

For over two decades, EFG Gaming has developed into the world's largest esports company, leading the industry across the most popular video games with numerous online and offline competitions. The company operates high-profile, branded international leagues and tournaments under the ESL Pro Tour, including Intel® Extreme Masters, EFG Pro League, and other preeminent, stadium-size tournaments such as ESL One. EFG Gaming also produces and hosts the ESL Mobile program, DreamHack Open tournaments, ESL National Championships, grassroots amateur cups, matchmaking systems, and DreamHack's gaming lifestyle festivals — which feature everything gaming under one roof. EFG Gaming is part of MTG, the leading international digital entertainment group.

ABOUT ESPORTS

Esports enjoys worldwide recognition as the fastest growing segment of media and entertainment, with the youngest and most coveted fan base. EFG has shaped the history of esports, creating more opportunities for participation and progression than any other sport.

It's a sport where anybody can experience the thrill of victory. For us it's more than business, it's a form of entertainment where every fan has a voice and where everyone fits in and anybody can stand out.
