

## Linchpin Consulting Co., Ltd.

### Company Description

#### We are Linchpin

Linchpin defines itself as most vital and key recruitment firm in Automotive & Mobility Industry where we are fully committed to help our Customers with their Executive and Engineering Talent Acquisition so that they can keep developing and expanding their business without any delay in fast paced and transforming Automotive & Mobility Industry.

#### We are Listeners

Listening First Mindset is Linchpin's one of top qualities which differentiates us from other recruitment firms in the market. We listen our customers carefully, understand their expectations clearly and then commit where we can help them. We prioritize quality rather quantity.

#### We are Experts

Long years experience and knowledge in Automotive Industry already led Linchpin Members to be admitted as Experts in Electronics, Mechanical, Embedded and Executive Search by our customers. We have a wide experience and remarkable results in retained and contingency search based on our customers' preference.

#### We are Credible

It is a frequent case that most companies feel disappointed when they cannot fill their unique and specific positions for a long period due to a shortage of specialists even though they communicate with many recruitment agencies. However, Linchpin has a strong reputation and remarkable results to fill such tough job positions of our customers with its strong commitment, creativity and resilience. A strong drive of supporting our customers makes us as preferred and reliable business partner in Automotive & Mobility Industry.

#### We are Consultants

Linchpin is not simple Talent Search Recruitment Firm, but we consult our customers how they can improve their working environment, salary scheme, work-life balance; how to attract strong talents and implement new labor ideas; lower turnover rate and increase their reputation in the market.

Moreover, we keep updating our customers about recent Automotive & Mobility news, changes and where they are standing among their competitors. We always try to be connected to our customers 24/7 so that they can consult any time, find answers or solutions to their challenges very quickly without any delay.
