ECMS JAPAN

Company Description

Shipping made affordable

ECMS Express is a technology enabled international courier company that offers end-to-end delivery. Founded in 2013, our corporate goal has been to help our global clients simplify their cross-border deliveries with a stable end-to-end and cost effective solution. We are present today in USA, Europe, China, Korea, Japan, Hong Kong and South East Asia. Over the years, we have developed market relevant B2C capabilities special thanks to our partnership with a couple of the world's leading eCommerce platforms. Given this know-how, it is our aim to empower Small & Medium Enterprise (SME) clients in the B2B market with B2C delivery experience and market competitive rates.
