TOA CORPORATION

Company Description

Create Value, Build the Future

From our founding in 1908 to today, we continue to ask ourselves questions.
What is the construction industry? It is the job of improving social infrastructure and infrastructure.
Building what is useful today and in the future by shaping the needs of society.
And to make a contribution to society and to realize happiness for people based on morality.
In 2021, a new wind was blowing in the midst of a radically changing era.
Our role is to connect a sustainable future to the next generation.

Corporate Philosophy

TOA Corporation strives for prosperity with advanced technologies and fulfills its social responsibilities through sound management.

Three (3) Management Policies

1. To enhance competitiveness by strategic management
2. To maintain everlasting trust through reliable construction works
3. To strive constantly to improve individual ability and contribute to organizational goals
