Company Description

Empowering innovation. Unleashing potential.

Two decades since its inception, Smart IMS has thrived on empowering innovation and unleashing the untapped potential of our clients. We are a trusted technology and business partner who finds improvement opportunities behind business problems and delivers technology-enabled solutions to help grow your business and give it an edge over the competition.

Smart IMS is founded by business and technology experts with extensive backgrounds in designing, implementing, and managing large and complex IT projects at Fortune 500 companies. We are headquartered in Plainsboro, New Jersey (US), with offices in India, Singapore, Hong Kong, Malaysia, Australia, UK, KSA and UAE.

What We Offer

Smart IMS delivers IT solutions and services that create a sustainable competitive advantage for our clients across the world.

Our core portfolio includes:

- IoT
- Cloud and Digital Services
- Enterprise Application Management & Development
- Smart Advisory & Assessment Services
- 24/7 Technical Support Services
- Unified Communication Services
- Smart Insurance Solutions

Smart IMS leverages deep industry and functional expertise, leading technology practices, and an advanced global delivery model to help clients transform their business processes and improve their business performance. Smart IMS deploys a global and nearshore delivery model at the heart of its business operations, leveraging its skilled workforce and infrastructure at different global locations.
