

## OMPI OF JAPAN CO., LTD.

### Company Description

We cooperate deeply with our partners all over the world, providing our know-how, resources and enthusiasm to turn every project into an achievement.

We are fully committed to be the best, objective-focused partner in the research and delivery of innovative solutions to support the success of our customers.

And we never stand still.

In fact, it's our continual innovation and pioneering of new trends in pharmaceutical glass packaging that ensures we produce the world's most advanced solutions year after year, enhancing the level of product integrity that can be guaranteed to patients and always seeking to exceed customer expectations.
