

Kaigai Fine Wine Asia Ltd

Company Description

Kaigai Fine Wine Asia (KFWA) is a leading distributor of fine and rare wines founded in 1967 as the wine division of a family-run trading company based in Tokyo

Since 1991, we have devoted ourselves to build and grow the wine loving community in Japan by supplying top provenance vintage wines.

Our meticulously hand-picked portfolio of 400+ references includes the most renowned labels and vintages but also unique winemakers in order to satisfy the most discerning wine enthusiasts and collectors.

While we source wines from all over of the world, our focus is on wines from France and Italy, particularly on wines from Champagne, Burgundy, Bordeaux and Piedmont.

At KFWA, we share our passion for rare wines through 3 main channels:

- **Our sourcing and distribution business:** a dedicated team of wine specialists sourcing and verifying every bottle of wine that is delivered to our clients. Providing professional service and wine expertise to our clients which include many of the leading restaurants and bars around Japan.
- **KFWA Auctions:** as the first Japanese wine auction company, KFWA held auctions since 2000 as the leading fine wine auction house for wine collectors and wine enthusiasts and offers two live auctions a year in Tokyo.
- **KFWA Experiences:** exclusive themed wine dining events specially created and organized for Kaigai members at exciting restaurants to enjoy an evening of unforgettable food and wine pairing.

Under new ownership since 2017 and under the mindful guidance and expertise of President Tetsutaro Muraki and Senior Managing Director Kevin Cheng, we strive to build on a long standing heritage and continue providing outstanding and memorable wine experience to our wine loving customers and guests.
