Company Description

About Hmlet

"Rental housing that will change your way of living"
More than just a rental apartment, a new lifestyle full of discoveries

Hmlet is a rental apartment service operated by Mitsubishi Estate Group. Rooms are rented from one month, and credit card payment is accepted as a payment method. Furnished and unfurnished rooms are available, and all rooms come with electricity, gas, and water already contracted, so you can start your comfortable new life from the day you move in.

The best part of Hmlet is enjoying new experiences, with all sorts of events available. From cultural experiences such as art and traditional crafts to networking events designed to support entrepreneurship and business life.

At Hmlet an experience beyond simply living in an apartment awaits. We are constantly expanding our services and our mission is to create a connected and inclusive communal environment.
