Unitech Japan Co., Ltd.

Company Description

Founded in 1979 in Taiwan, Unitech Electronics (TWSE:3652) is a global provider of AIDC (Automatic Identification and Data Capture) technologies with over 40 years of experience. Unitech offers a wide range of products such as enterprise mobile computers, rugged handheld PDAs, industrial tablets, barcode scanners, RFID readers, and IoT solutions. We bring value to customers in various applications in logistics, healthcare, retail, warehousing, manufacturing, government and transportation, and field services.

Unitech has consistently upheld the core values of Honesty & Integrity, Collaboration, Excellence, and Profit sharing to serve its valuable partners worldwide. With no reservation, Unitech will continue to provide advanced invention with thoughtful, responsive service and always create a win-win future for all participating partnerships.
